RESPONSE TO ELECTION OF SPECIES REQUIREMENT

In the Office Action mailed November 17, 2004 (the “Office Action”), the Examiner set forth an Election of Species Requirement that identified what the Examiner has characterized as seven (7)

patentably distinct species of the claimed invention. In particular, the Examiner suggested in the Office Action that the present application contains claims directed to the following seven Species:

- a) Embodiment I: figures 1A and 1B;
- b) Embodiment II: figures 2A and 2B;
- c) Embodiment III: figures 3A and 3B;
- d) Embodiment IV: figures 4A, 4B, 4C, 4D and 4E;
- e) Embodiment V: figure 4F;
- f) Embodiment VI: figure 5; and
- g) Embodiment VII: figure 6.

Responsive to the Election of Species Requirement set forth in the Office Action, Applicant hereby elects Embodiment VII (Figure 6) for examination, without traverse. Claims 1-12, at least, are readable on Embodiment VII (Figure 6). Moreover, Applicant believes that claims 1-12 are likewise readable on Figure 7 of the application, which was not addressed by the Examiner in the Election of Species Requirement.

Applicant's election herein is made without prejudice. As noted by the Examiner, upon the allowance of a generic claim, Applicants will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 C.F.R. § 1.141.

An action on the merits of all the claims and a Notice of Allowance thereof are respectfully requested. In the event that the Examiner wishes to discuss any of the matters contemplated hereby, the Examiner is invited to initiate a telephone conversation with the undersigned.

DATED this 30TH day of November, 2004.

Respectfully submitted,

PETER F. MALEN JR.
